CROFT INDUSTRIAL PARK
POST OFFICE BOX 5627
SPARTANBURG, SOUTH CAROLINA 29304**

**ANNUAL MEETING OF SHAREHOLDERS
April 26, 2007**

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Synalloy Corporation (the "Company") of proxies to be voted at the Annual Shareholders' Meeting to be held at the Company's corporate office, 2155 West Croft Circle, Spartanburg, South Carolina, on Thursday, April 26, 2007, at 10:00 a.m. local time, and at all adjournment(s) thereof. On or about March 26, 2007, we will begin mailing these proxy materials to all shareholders of record as of the close of business on February 27, 2007.

Quorum and Voting. The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock of the Company is necessary to constitute a quorum at the Annual Meeting. If a share is represented for any purpose at the annual meeting by the presence of the registered owner or a person holding a valid proxy for the registered owner, it is deemed to be present for purposes of establishing a quorum. Therefore, valid proxies which are marked "Abstain" or "Withhold" and shares that are not voted, including proxies submitted by brokers that are the record owners of shares (so-called "broker non-votes"), will be included in determining the number of votes present or represented at the annual meeting. If a quorum is not present or represented at the meeting, the shareholders entitled to vote who are present in person or represented by proxy have the power to adjourn the meeting from time to time. If the meeting is to be reconvened within 30 days, no notice of the reconvened meeting will be given other than an announcement at the adjourned meeting. If the meeting is to be adjourned for 30 days or more, notice of the reconvened meeting will be given as provided in the Bylaws. At any reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally noticed.

Voting Rights. The securities which can be voted at the Annual Meeting consist of Common Stock of the Company, \$1.00 par value per share. The record date for determining the holders of Common Stock who are entitled to notice of and to vote at the Annual Meeting is February 27, 2007. On February 23, 2007, the Company had outstanding 6,181,258 (excluding 1,818,742 shares held in treasury) shares of Common Stock. Each record shareholder of Common Stock is entitled to one vote per share on each matter to be voted on at the meeting, except that in the election of Directors shareholders have cumulative voting rights.

If a quorum is present at the Annual Meeting, Directors will be elected by a plurality of the votes cast by shares present in person or by proxy and entitled to vote at the meeting. "Plurality" means that, if there were more nominees than positions to be filled, the individuals who received the largest number of votes cast for directors would be elected. Votes that are withheld or shares that are not voted in the election of directors will have no effect on the outcome of election of directors. Each stockholder of Common Stock entitled to vote for the election of Directors has the right to cumulate his votes either (1) by giving to one candidate as many votes as equal the number of shares owned by such holder multiplied by the number of directors to be elected, or (2) by distributing his votes on the same principle among any number of candidates. Any stockholder who intends to cumulatively vote his shares must either (1) give written notice of such intention to the Secretary of the Company not less than forty-eight (48) hours before the time fixed for the Annual Meeting, or (2) announce his intention in such meeting before the voting for Directors commences. If a stockholder gives notice of his intention to cumulate his votes, all shareholders entitled to vote at the meeting will without further notice, be entitled to cumulate their votes.

If a quorum is present, all other matters which may be considered and acted upon by the holders of Common Stock at the Annual Meeting will be approved if a majority of shares present and entitled to vote at the meeting cast their votes in favor of the proposals. Abstentions and broker non-votes will have the effect of a vote against such matters.

Cost of Solicitation. The entire cost of soliciting these proxies will be borne by the Company. The Company may make arrangements with brokerage houses, nominees, fiduciaries and other custodians to send proxies and proxy material to beneficial owners of the Company's stock and may reimburse them for their expenses in so doing. Proxies may be solicited personally or by telephone, other electronic means or mail by directors, officers and regular employees of the Company without additional compensation for such

services. Synalloy has engaged the services of W. F. Doring & Company, a firm specializing in proxy solicitation, to solicit proxies and to assist in the distribution and collection of proxy material for a fee estimated at approximately \$2,500 plus reimbursement of out-of-pocket expenses.

Information About Voting. Shareholders of record can vote in person at the Annual Meeting or by proxy. Shareholders of record may vote their proxy by mail or by internet following the instructions on the proxy card. If your shares are held in the name of a bank, broker or other nominee, you will receive instructions from the nominee that you must follow in order for your shares to be voted. If your shares are not registered in your own name and you wish to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a broker's proxy card and bring it to the Annual Meeting in order to vote. If you hold shares in the Synalloy Corporation 401(k)/Employee Stock Ownership Plan, your proxy for these shares must be received by 5:00 p.m., local time, on April 19, 2007 to allow sufficient time for voting by the trustees and administrators of the plan.

Voting by Proxy. In voting by proxy with regard to the election of directors, shareholders may vote in favor of all nominees, withhold their votes as to all nominees or withhold their votes as to specific nominees. Shareholders should specify their choices on the accompanying proxy card. All properly executed proxy cards delivered by shareholders to the Company and not revoked will be voted at the Annual Meeting in accordance with the directions given. If no specific instructions are given with regard to the matters to be voted upon, the shares represented by a signed proxy card will be voted "FOR" the election of the persons named in this Proxy Statement as the Board of Directors' nominees for the election to the Board of Directors. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon such matters according to their judgment.

Revocability of Proxy. Any record stockholder delivering a proxy has the power to revoke it at any time before it is voted by giving written notice to the Secretary of the Company at Post Office Box 5627, Spartanburg, South Carolina 29304; by delivering a valid proxy bearing a later date to the Company's offices at 2155 West Croft Circle, Spartanburg, South Carolina; or by attending the meeting and voting in person. Written notice of revocation of a proxy or delivery of a later dated proxy will be effective upon receipt by the Company. Attendance at the annual meeting will not in itself constitute revocation of a proxy. Shareholders who hold their shares in street name with a broker or other nominee may change or revoke their proxy instructions by submitting new voting instructions to the broker or other nominee.

Householding. The Securities and Exchange Commission's rules permit us to deliver a single proxy statement and annual report to one address shared by two or more of our shareholders. This delivery method is referred to as "householding" and can result in significant cost savings. In order to take advantage of this opportunity, we have delivered only one proxy statement and annual report to multiple shareholders who share an address, unless we received contrary instructions from impacted shareholders prior to the mailing date. If you prefer to receive separate copies of a proxy statement or annual report, either now or in the future, please call us at 864-585-3605, or send your request in writing to the following address: Secretary of Synalloy Corporation, Post Office Box 5627, Spartanburg, SC 29304. If you are still receiving multiple reports and proxy statements for shareholders who share an address and would prefer to receive a single copy of the annual report and proxy statement in the future, please call or write to use at the above address or telephone number.

CORPORATE GOVERNANCE

Director Qualifications and Nomination Process. In recommending and evaluating candidates, the Nominating Committee takes into consideration such factors as it deems appropriate based on the Company's current needs. These factors may include diversity, age, skills such as understanding of appropriate technologies and general finance, decision-making ability, inter-personal skills, experience with businesses and other organizations of comparable size, and the interrelationship between the candidate's experience and business background and other Board members' experience and business background. Additionally, candidates for director should possess the highest personal and professional ethics, and they should be committed to the long-term interests of the shareholders.

The Nominating Committee does not have any specific process for identifying director candidates. Such candidates are routinely identified through personal and business relationships and contacts of the directors and executive officers.

The Nominating Committee will consider as potential Board of Directors' nominees persons recommended by shareholders if the following requirements are met. If a shareholder wishes to recommend a director candidate to the Nominating Committee for consideration as a Board of Directors' nominee, the shareholder must submit in writing to the Nominating Committee the recommended candidate's name, a brief resume setting forth the recommended candidate's business and educational background and qualifications for service, the number of the Company's shares beneficially owned by the person, and a notarized consent signed by the recommended candidate stating the recommended candidate's willingness to be nominated and to serve. Additionally, the recommending shareholder must provide his or her name and address and the number of the Company's shares beneficially owned by such person. This information must be delivered to the Secretary of the Company at Post Office Box 5627, Spartanburg, South Carolina 29304 or Croft Industrial Park, Spartanburg, South Carolina 29302, for transmission to the Nominating Committee, and must be received not less than 90 days nor more than 120 days prior to the Annual Meeting of Shareholders. The Committee may request further information if it determines a potential candidate may be an appropriate nominee. Director candidates recommended by shareholders that comply with these requirements will receive the same consideration that the committee's candidates receive. The Nominating Committee routinely meets at the regular quarterly meeting of the Board of Directors next preceding the Annual Meeting.

Nominations for election as Directors may also be made by shareholders from the floor at the Annual Meeting of Shareholders provided such nominations are received by the Company not less than 30 nor more than 60 days prior to the Annual Meeting, contain the information set forth above, and otherwise are made in accordance with the procedures set forth in the Company's Bylaws.

Any shareholder who wishes to send communications to the Board of Directors should mail them addressed to the intended recipient by name or position in care of: Corporate Secretary, Synamloy Corporation, Post Office Box 5627, Spartanburg, SC 29304. Upon receipt of any such communications, the Corporate Secretary will determine the identity of the intended recipient and whether the communication is an appropriate shareholder communication. The Corporate Secretary will send all appropriate shareholder communications to the intended recipient. An "appropriate shareholder communication" is a communication from a person claiming to be a shareholder in the communication the subject of which relates solely to the sender's interest as a shareholder and not to any other personal or business interest.

In the case of communications addressed to the Board of Directors, the Corporate Secretary will send appropriate shareholder communications to the Chairman of the Board. Officers and directors are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that, during 2006, all filing requirements applicable to its officers and directors were met.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's compensation policies are intended to induce senior managers, including executive officers, to maximize value for shareholders over the long term. There are three components of each compensation package: base salary, short-term cash incentive compensation and long-term Incentive compensation.

Base Compensation. The Committee determines base salaries by considering market forces in the area, and in the industry applicable to each business unit. Base salaries are set toward the low end of a range defined by our peers of comparable size and in related industries. Given the fact that our manufacturing businesses have, in the past, been cyclical, the Company has attempted to attract and retain the best available talent at the low end of industry base compensation scale. This provides a cushion for the Company in times of reduced profitability.

Short-Term Incentive Compensation. In order for the approach to base salaries discussed above to be effective, the Company has maintained a cash incentive program which tends to be somewhat more generous than that of our peers when profits are robust, and pays the employees nothing unless minimum returns on average shareholders' equity are achieved. The cash incentive program compensates each manager eligible for such incentive compensation pursuant to a formula based upon returns on average equity in his business unit during the year. The intent is to make every senior manager's cash compensation dependent upon measurable performance criteria. Subsidiary senior managers participate in profit sharing pools determined by the performance of their business units, while the Chief Executive Officer's incentive compensation is based on consolidated profitability.

The formula employed with respect to the cash incentive program is to award to the managers of each unit an amount equal to ten percent of profits in excess of a threshold of ten percent return on average shareholders' equity employed in their business units. A minimum of 60% of the incentive will be paid to

designated participants pro rata to their salaries. A maximum of 30% of the incentive pool may be distributed to employees who are not designated participants and a minimum of 10% and a maximum of 40% of the incentive pool may be paid to designated participants in any proportion as recommended by the CEO and approved by the Compensation & Long-Term Incentive Committee. The CFO and Corporate Secretary are eligible for a discretionary bonus based on various considerations, including the Company's financial results, compensation of other executive employees and an evaluation of their job performance.

Long-Term Incentive Compensation. The Company also provides to senior managers a long-term incentive component to compensation. In 2004 and prior years, the vehicle for this component was a series of stock option plans. Options have been granted in 2004 and prior years pursuant to incentive stock option plans adopted in 1988 and 1998. For 2005 and future years, the Compensation & Long-Term Incentive Committee of the Board of Directors has recommended and shareholders approved, awarding incentives through grants of restricted stock. This plan is expected to benefit the Company in that it will avoid the complicating issues of accounting for the cost of option grants and reduce the potential dilution to existing shareholders, while exposing the grantees to both the positive and negative aspects of changes in market price of the Company's common stock over time. Pursuant to the restricted stock plan, the Chief Executive Officer and the Compensation & Long-Term Incentive Committee together determine a potential grant pool for the current year. They also agree upon specific milestones, largely comprised of measurable business metrics which can be impacted by management. These goals are established and communicated to managers in February of each year.

Corporate goals for 2006 included both financial and operating targets. Financial targets included, among others, revenue and profit growth, return on invested capital, and cost control. Operating targets included, among others, customer relationship issues, product quality and plant process efficiency.

Awards are made from the available pool based upon performance of the stated goals. No restricted stock grants were made in 2005. Goals for 2006 were established and communicated to plan participants early in 2006. Based on the Company achieving its goals and executive officers achieving their individual goals in 2006, grants were made at the Committee's meeting in February, 2007.

Quarterly reports on progress toward goals were produced by each business unit and senior management, and communicated to the Committee for review. In February of 2007, the Committee, with all members in attendance, evaluated each business unit and senior management with respect to 2006 performance versus goals. As a result of this evaluation process the Committee declared an award of 22,510 restricted shares to plan participants as against a potential grant of 45,000 shares. The Committee also set a grant potential for the 2007 calendar year at shares having a value of \$400,000 as of the date of the 2008 evaluation meeting.

The long-term component of compensation is embodied in the 2005 Stock Awards Plan. The Company's goal in granting restricted stock is to reward desired performance, some of which impacts current year results and some of which relates to longer term objectives. The program intends to reward performance in a prospective fashion whereby management and the Committee set goals prospectively, with awards based on performance. Once grants are awarded under the Plan, the restricted stock vests 20% per year beginning one year after the grant date for five years, so long as the employee remains employed by the Company.

The Compensation Committee understands that the cost of stock grants under the Plan are a tax deductible expense to the Company measured on the date of vesting. Cash compensation is a direct expense to the Company in the time frame dictated by applicable accounting rules.

Executive officers have a role in determining salaries of their subordinates. The Compensation Committee sets the salaries of the CEO, CFO, Corporate Secretary and the head of each business unit.

The Committee reviews all forms of compensation annually and based on long experience with this compensation system, and believes that it is fair to the employees, and the Company, over time. The Committee also believes that the system provides motivation for employees to maximize sales and profits.

The process outlined above describes the mechanics of determining executive compensation at the Company in 2006. The Committee contemplates no major changes in the process for 2007.

DIRECTOR COMPENSATION

At the February 8, 2007 meeting, The Board approved the Directors' annual compensation for each non-employee director elected by shareholders at the annual meeting in April. Directors will be paid an annual retainer of \$35,000, and each director has the opportunity to elect to receive \$15,000 of the retainer in restricted stock. For 2006 and 2007, each director elected to receive \$15,000 of the annual retainer in restricted stock. The number of restricted shares is determined by the average of the high and low stock price on the day prior to the Annual Meeting of Shareholders. In 2006 each non-employee director received 1,201 shares of restricted stock (an aggregate of 6,005 shares). The shares granted to the directors are not registered under the Securities Act of 1933 and are subject to forfeiture in whole or in part upon the occurrence of certain events. In addition, directors are compensated \$1,500 for each board meeting attended in person; \$1,000 for each telephone Board meeting; and \$1,000 for attendance at committee meetings not held on Board meeting days. The Chairman of the Board and the Audit Committee Chair receive additional annual compensation of \$5,000 each; and the Compensation Committee Chair receives annual compensation of \$2,500. Directors are reimbursed for travel and other expenses related to attendance at meetings. Directors who are employees are not paid extra compensation for service on the Board or any committee of the Board.

The following table sets forth information about compensation paid by the Company to non-employee directors for the year ended December 30, 2006.

Employment Contracts

The Company has a written employment agreement with Mr. Braam, effective January 1, 2006, pursuant to his appointment as Chief Executive Officer, that provides for an annual salary of \$200,000. In addition, he is entitled to "bonus-compensation" equal to a percentage (5% for 2006) of net earnings before income taxes (as further defined in the agreement) in excess of a predetermined percent (10% for 2006) of average

stockholders' equity. This agreement also provides certain fringe benefits and contains provisions for salary continuation benefits in the event of Mr. Braam's disability or death, under specified conditions, during the term of his employment with the Company.

The agreement also provides that Mr. Braam will be entitled to participate in all employee benefit plans in accordance with the terms of those plans. In the event of Mr. Braam's permanent disability or death while employed by the Company, he will be entitled to a payment equal to his current base salary at the date of death or disability until the next anniversary date of the agreement, which shall in no event be less than three months, together with his bonus compensation for that fiscal year prorated to the date of termination of his employment as a result of permanent disability or death. If Mr. Braam's employment with the Company had terminated on December 29, 2006, as a result of his permanent disability or death, he would have been entitled to a payment of \$50,000 with respect to his base salary and \$381,062 with respect to his short-term cash incentive compensation. The agreement contains Mr. Braam's covenant not to engage, directly or indirectly, in competition with the Company with respect to the businesses in which it is engaged on the date his employment is terminated for a period of one year after termination of his employment. Mr. Braam also agrees not to disclose, at any time during his employment with the Company or thereafter, any of the Company's confidential information.

EQUITY PLANS

Stock Option Plans

Currently, there are options outstanding under the 1988, 1994 and 1998 Stock Option Plans, and options available for grant under the 1998 Plan. The grant period for the 1988 Plan expired in January 1998, and the grant period for the 1994 Plan expired in April 2004. All of the plans have been approved by shareholders. The 1998 Plan provides for options to be granted to officers and key employees of the Company, its subsidiaries and divisions to provide them with an opportunity to obtain an equity interest in the Company and to increase their stake in the future growth and prosperity of the Company. The 1994 Plan provided for such options to be granted to non-employee directors. The option price for options granted under these plans is 100% of the fair market value of the Company's Common Stock on the date the option was granted. Certain restrictions exist as to the time in which options can be exercised. With regard to the 1988 Plan, approved at the May 26, 1988 Annual Meeting and the 1998 Plan, approved at the April 30, 1998 Annual Meeting, options may be exercised beginning one year after date of grant at a rate of 20% annually on a cumulative basis. In the event that (a) all or substantially all of the assets or Common Stock of the Company (or a subsidiary or division of the Company in which the option holder is employed) is sold to an entity not affiliated with the Company, or (b) a merger or share exchange with an unaffiliated party occurs in which the Company is not the surviving entity, an option holder may exercise in addition to the above, 50% of the options not otherwise exercisable because of the vesting period requirement subject to certain limitations. No options may be exercised under the 1988 and 1998 Plans after 10 years from date of grant. The incentive stock options are not transferable other than by death and can only be exercised during the employee's lifetime by the employee. In no event shall incentive stock options under all Plans having an aggregate fair market value in excess of \$100,000 at the dates the grants become exercisable by an optionee for the first time during a calendar year. Under the 1994 Plan, approved at the April 29, 1994 Annual Meeting, each non-employee director as of his or her election or re-election as a member of the Board automatically received an option for 1,500 common shares. In the event a person ceases to be a non-employee director for reasons other than death, the unexpired options must be exercised within three years not to exceed 10 years after date of grant. On December 20, 2005, the Board of Directors elected to accelerate vesting of 44,144 outstanding unvested stock options under the 1998 Stock Option Plan. At February 23, 2007, there were 198,043 options outstanding under all plans of which 142,187 were exercisable.

At February 23, 2007, 207,100 shares remain available for grant pursuant to the 1998 Stock Option Plan; however, the Compensation Committee has no present plans to grant further options under this plan though it continues to have the right to do so. The Committee currently plans to issue future equity compensation pursuant to the 2005 Stock Awards Plan.

Stock Awards Plan

The 2005 Stock Awards Plan, approved by shareholders at the April 28, 2005 Annual Meeting, authorizes issuance of up to 300,000 shares which may be awarded for a period of ten years from the effective date of the plan. Stock awards will vest in 20% increments annually on a cumulative basis, beginning one year after

the date of grant. In order for the awards to vest, the employee must be in the continuous employment of the Company or a subsidiary since the date of the award. Any portion of an award that has not vested will be forfeited upon termination of employment. The Company may also terminate any portion of an award that has not vested upon an employee's failure to comply with all conditions of the award or the plan. Vesting of up to 50% of awards will automatically accelerate in the event of (i) a sale of all or substantially all of the assets of the Company (or a subsidiary or division of the Company in which the employee is employed) to an entity not affiliated with the Company, (ii) a merger or share exchange with an unaffiliated party in which the Company is not the surviving entity, or (iii) a similar sale or exchange transaction that, in the Committee's sole discretion, justifies such vesting. Shares representing awards that have not yet vested will be held in escrow by the Company and an employee will not be entitled to any voting rights with respect to any such shares. Share awards that have not vested will not be transferable. The Board of Directors implemented an equity-based incentive compensation program pursuant to which it reserved 45,000 shares under the 2005 Stock Awards Plan for potential grant to officers for 2006, including the named executive officers in the compensation table, and certain key employees if they achieved pre-determined quantifiable and qualitative goals during 2006. As explained in connection with the Grants of Plan-Based Awards table, awards under this incentive program were made to the named executive officers on February 12, 2007 based on meeting pre-disclosed 2006 goals. At February 12, 2007, 22,510 shares were granted under the Plan.

RETIREMENT PLANS

Salary Continuation Agreements

Mr. Braam has a salary continuation agreement with the Company whereby, if he continues employment until his retirement in 2010, he will receive the cash value proceeds of an insurance policy with a current cash value of approximately \$102,000. If for any reason Mr. Braam ceases employment before retirement, the Company expects to recover the cost of paying premiums paid since he joined the Company through either the cash value or life insurance proceeds. Upon his retirement, the Company forfeits any benefits under the policy.

401(k)/ESOP Plan

The Company sponsors a 401(k)/Employee Stock Ownership Plan (the "Plan"). All employees (except those employees who are entitled to participate in Union-sponsored plans) who are 21 years or older will be automatically enrolled at a pre-determined percentage following 60 days of full-time employment with the Company. Employees may choose to opt out or elect to change the default deferral rate. Employees are eligible to receive a matching contribution on the month following their one-year anniversary.

Employees are permitted to contribute up to 100% of earnings not to exceed a dollar amount set by the Internal Revenue Service on a pretax basis through payroll deduction. Employees are permitted to change the election daily and can revoke the election at any time. Employee contributions are 100% vested at all times. The employee can invest his deferred contribution in any of the investment funds offered; however, employee contributions cannot be invested in Company stock.

Contributions by the Company are made primarily in Company Stock. For each plan year, the Company contributes on behalf of each participant who is eligible to share in matching contributions for the plan year, a discretionary matching contribution equal to a percentage which is determined each year by the Board of Directors subject to a maximum of 4% in 2006 and 2007. The matching contribution is allocated within 15 days of each pay period. In addition to the matching contribution, the Company may make a discretionary contribution which shall be distributed to all eligible participants regardless of whether they contribute to the Plan. No discretionary contributions have been made to the Plan.

Distributions are not permitted before age 59 1/2 except in the event of death, disability, termination of employment or reason of proven financial hardship as defined according to IRS guidelines. The Plan provides for payment of the participant's account balance upon death, disability or retirement in the form of cash or Company stock or both. If employment terminates for reasons other than retirement, disability or death (e.g. resignation or termination by the Company), the discretionary portion of a participant's account balance will vest as follows: less than three years service - 0% vested; three or more years - 100% vested.

Unvested amounts are forfeited and allocated to participants eligible to participate for a plan year. The Plan permits rollovers from qualified plans at the discretion of the Company. The ESOP is permitted to borrow money to purchase Company stock. All Company stock acquired by the Plan with the proceeds of a loan is maintained in a suspense account and is withdrawn and allocated to participant's accounts as the

loan is paid. While a participant in the Plan, an employee may direct the trustee to vote shares allocated to his or her account in accordance with employees' wishes.

All Plan assets are held by an independent trustee. The trustee invests all assets and makes payment of Plan benefits. The Plan is managed and administered by an independent administrator and a Pension Committee comprised of the corporate officers of the Company. Expenses incurred for the administration of the Plan are paid by the Company. The Plan reserves to the Board of Directors of the Company the right to amend the Plan in any manner or terminate the Plan at any time. The Plan may be amended to preserve the qualification of the Plan under the applicable provisions of the Internal Revenue Code, as amended from time to time. For 2006, the Company's total matching contribution was \$319,000.
